

## Iskandar-Singapore links being considered

2011/04/13

ISKANDAR Regional Development Authority is mulling various modes of connectivity between the region and Singapore. Chief executive Ismail Ibrahim said mass rapid transit, water taxis, expanding the causeway and the Second Link are some of the options being considered. “But we’ve not approached the Singapore authorities or made any decision yet ... we will meet Members of Authority next month,” said Ismail on the sidelines of Invest Malaysia 2011. Members of Authority are co-chaired by Prime Minister Datuk Seri Najib Razak and Johor Menteri Besar Datuk Abdul Ghani Othman.
